Magento / PHP Developer

Description

Based in the Barnsley area for over 25 years, Countrywide Healthcare are the leading specialist of healthcare consumables and equipment to the care sector and public. The business has an unrivalled reputation and has enjoyed fantastic sales growth to £35m in our last financial year.

Job Purpose

We are looking for a full-time Full-stack Magento Developer to support our ambitious growth plans across our websites and marketplaces. Working closely with our multi-disciplinary online team, the successful candidate will be responsible for:

- Build, enhance and maintain features, functionalities on our portfolio of websites.
- Work alongside with our developers, ensure that all code is consistent, efficient, and maintainable.
- Working on multiple development projects and delivering on time.
- Optimize the performance of the websites to ensure a seamless user experience.
- Write clean and well-documented code that is easily scalable.
- Troubleshoot and debug issues that arise on the websites, working closely with other members of the team to ensure timely resolution.
- Stay up to date with the latest trends and technologies in e-commerce and web development, making recommendations for improvement and optimization.

Key Skills Required

- At least 2 years of experience in web development, with a focus on full stack Magento.
- Extensive knowledge of Magento 2 development and architecture.
- Proficiency in PHP, MySQL, HTML, CSS, XML, JavaScript, jQuery and other web development technologies.
- Experience and Knowledge of managing Linux OS (Centos) on AWS.
- Strong understanding of e-commerce best practices and trends.
- Experience with front-end frameworks such as Alpine.js is a plus.
- Knowledge of version control systems such as Git.
- Knowledge of mobile app development is a plus.
- Excellent problem-solving, Strong communication and interpersonal skills.
- Ability to work independently and as part of a team.
